## Wire Rack Bundles

The easy way to outfit a shop or garage with a great selection of wire.

Assembly Required. Ships in multiple boxes.  
Rack contains four rods and can be used to store and organize spools of wire of varying sizes up to 10" in diameter Cold-rolled steel resists corrosion and has a higher strength-to-weight ratio than hot-formed steel Gray powder-coated finish resists scratches, chipping, fading, and other wear  
Ruled decal allows wire to be measured and cut to the desired length

Measures 37-1/8 x 26-1/8 x 6 inches (H x W x D); each rod measures 5/8" in diameter

8000WR - Rack and 20 spools of wire  
8001WR - Rack and 27 spools of wire
