Self Fusing Silicone Tape - Available Now!

JT&T's Silicone Rubber Tape is an improved wrapping tape extruded of high performance silicone rubber suitable wherever a tough, permanently resilient, void-free insulation is required.

The silicone rubber tape is self-adhering and self-fusing, curing in 24 hours at room temperature. Faster curing and a harder finish can be accomplished through the application of heat after wrapping.

Part #	Description	Qty.
8111F	Black - Self Fusing Silicone Tape (.020 x 1" Triangular)	(1) 10 Ft.
8112F	Red - Self Fusing Silicone Tape (.020 x 1" Triangular)	(1) 10 Ft.
